

華立企業 2012 年八月自結合併營收 25.76 億元

華立企業（上市股票代號 3010）於 2012 年 9 月 19 日公佈自結合併營收；2012 年 8 月營收為 25.76 億元；與去年同期相比，增加了 4.3%。

八月份因面板產業景氣自谷底回溫，及中國面板產業快速發展，客戶對時序控制晶片 (timing controller)，彩色光阻等需求明顯成長；平板電腦及智慧型手機的普及，也帶動了觸控面板的需求，使得觸控面板控制晶片銷售成長顯著。PCB 產業方面，因應返校旺季的需求及大陸十一假期到來，筆記型電腦、平板電腦及智慧型手機業者對於 PCB 材料的需求增加。半導體產業之需求則持平。至於綠能及高機能工程塑膠部分，因太陽能的需求趨緩，及高機能工程塑膠因應返校需求於上個月提早提貨，營收貢獻則略為衰退。

關於華立企業：本公司成立於 1968 年，配合我國工業發展與整體企業營運需求，先後引進複合材料、資訊/通訊、印刷電路板、半導體、平面顯示器、以及綠能光電產業材料與設備，以致力成為大中華地區提供高科技材料、設備與技術的全方位科技服務廠商。華立企業總公司位於高雄，先後於中國大陸、日本、新加坡等重要城市設立銷售據點。

Wah Lee Industrial Corp. announced its August 2012 unaudited consolidated sales of NT\$2,576M.

On September 19, 2012, Wah Lee Industrial Corp. (TSE: 3010) announced its August 2012 unaudited consolidated sales of NT\$2,576M. Compared to August 2011, this monthly sales increased by 4.3%.

Due to the recovery of panel industry and the fast ramp-up of TFT LCD players in China, the demands for timing controllers and color resist grew rapidly. The sales of touch panel controllers were also spurred by the increasing popularity of tablet PCs and smart phones. Demands for PCB materials were also triggered by the PC and mobile phone markets as the players continued to produce for the sales season of “back-to-school” in US, and the “October 1st” long vacation in China. The sales from semiconductor business were comparatively flat. The revenue contribution from high engineering plastics was soft since customers pulled in their orders last month for the back-to-school sale season. The revenue from the materials for green energy industries slipped slightly due to decline of solar wafer demands.

About Wah Lee Industrial Corp. : Wah Lee Industrial Corp. was founded in 1968. In order to satisfy the needs from the industry development of Taiwan and the overall operation requirements of the company, we have successfully introduced materials and equipment for industries of PCB, semiconductor, computer and communication, FPD, and green energy. Our goal is to be the leading hi-tech solution integrator and provider in Greater China area. The company is headquartered in Kaohsiung, with branch offices in China, Japan, and Singapore.
